

Fellow SPAM Members,

I am writing to you to request your vote for Union President. My name is Pamela Underwood and I am a graduate of the 69th RTT and have been a member in good standing since 1988. I have served as Barracks Representative at C-7 since 2018. I have attended each yearly SPAM meeting as well as a multitude of regional meetings throughout the years, taking an active role in **our Union**. I have served exclusively in Field Services for my entire career, specifically in SP Newbury 1988-1990, SP Brookfield 1990-1999 and currently at SP Belchertown 1999-present. I have been certified in Motor Carrier Safety, Reconstruction and am currently a DRE Instructor. I am a graduate of Phillips Academy (1984) and Curry College (BA Summa Cum Laude 2004, MA w/Distinction 2005). I am seeking this office because I have become dismayed at the course we have been taking recently and believe strongly that we need to focus on moving our job forward in a progressive manner. We have become fractured and divided thus weakening our position as a labor organization. We must **unite** in order to achieve our goals.

I am seeking this office for one reason only; to help. I have no hidden agenda. I have never sought promotional opportunities and assure you I will not in the future. I am not seeking a position in a specialty unit. I can promise only that I will fight for each union member and be mission oriented. I will stay any course that will serve our Union as a whole. I recognize the importance of the issues that affect us all and dedicate myself to working for you. As I end my career, I seek to give back to a job I have loved and the proud group of professionals I have served with. I look forward to the challenges serving SPAM will provide and pledge to work hard, fight harder and represent you *fully*. I can't promise any more than honesty, integrity, transparency, and dedication.

I hope you will consider me and thank you in advance for your support. I can be reached at voteunderwoodforprez@gmail.com Please feel free to contact me with your concerns and input. I will attempt to be available and accessible as much as possible. An **engaged workforce** is a **powerful workforce**. This is **YOUR UNION** it can't work without your involvement. Let's work together and accomplish great things!

Fraternally yours,

Pam Underwood #1414
